### *SOCIAL AND ECONOMIC INNOVATIONS*

---

---

***Grishin I.A.***

Intensification of innovation activity of small manufacturing enterprises  
in implementation of regional industrial policy ..... 5

***Migunova G.S.***

Innovative development – the basis for strengthening the economies of Central federal district ..... 13

***Migunova G.S., Chernyshev B.N.***

Innovative growth potential – the basis of increase competitiveness  
of regional economy ..... 21

***Solodilov K.V.***

Innovation in retail networks ..... 29

***Fesyun A.V.***

National nanotechnology network of Russian regions ..... 33

### *TECHNICAL AND TECHNOLOGICAL INNOVATIONS*

---

---

***Aleksikov S.V., Budrudinova A.N.***

The use of the old asphalt concrete for strengthening the side of highway ..... 40

***Babkin V.A., Andreev D.S., Fomitchyov V.T., Titova E.S.***

Quantum and chemical calculation of molecule 4-difluoromethoxy-2-ethylsulfanyl-1,  
3-dihydropyrimidine AB INITIO method ..... 46

***Babkin V.A., Andreev D.S., Fomitchev V.T.***

Quantum and chemical research of the mechanism  
of protoning 2-metilgeksena-1 MNDO method ..... 49

***Bakhracheva Yu.S.***

Fracure toughness prediction method using the ball indentation testing ..... 53

***Bochkarev V.A., Ostroukhov S.B., Krashakova A.V.***

Is it possible to produce oil that is difficult to recover ..... 57

<b><i>Bochkarev A.V., Ostroukhov S.B., Medvedeva E.P., Krashakov D.V., Bochkarev V.A.</i></b>	
Influence of stage-by-stage approach on reliability and effectiveness of geological exploration .....	62
<b><i>Glinyanova I.Yu.</i></b>	
Formation of new strategy of the decision ekogradostroitelnykh of problems in the modern industrial city .....	66
<b><i>Grigoriev E.A.</i></b>	
The generalized calculation of steadiness of engines .....	72
<b><i>Zhdanova N.N., Zhdanov I.S.</i></b>	
Modification of the approach to the choice of structure of a material the wire with the help of information system .....	75
<b><i>Zenina E.G.</i></b>	
Influence of external on error of measuring transformers of current environments and exactness of account of electric power .....	78
<b><i>Kalinina E.A., Bochkarev V.A., Ostroukhov S.B.</i></b>	
Fault-block structure of fields according to field-geophysical data .....	81
<b><i>Kondrashov G.M.</i></b>	
Green technology of defence of the underground constructions from corrosion by electrophysical methods by using the water dispersions of polymers .....	85
<b><i>Kondrashov G.M., Goldshtein B.M.</i></b>	
Basalt fibre concrete – the technology of future .....	91
<b><i>Naumova G.A., Samanov V.V., Ponomarenko S.A.</i></b>	
The hydrodynamic damper of bridge oscillations .....	93
<b><i>Ovchinnikov I.G., Ponomareva M.A.</i></b>	
The development of innovation information system assesses the reliability of the linear part of the main gas pipeline on the basis of risk .....	99
<b><i>Ovchinnikov I.G., Ovchinnikov I.I.</i></b>	
Problems of implementation of modern innovative solutions in transport construction .....	105
<b><i>Ostroukhov S.B., Krashakova A.V., Bochkarev V.A.</i></b>	
Role of the Karpinsky ridge in hydrocarbon pools formation in the aquatory of the Caspian sea .....	110
<b><i>Semenova L.M., Bakhracheva Yu.S., Nikolaeva E.V.</i></b>	
Education of fullerenes at non-stationary nitrocementation of steel .....	113
<b><i>Yudina T.F., Ershova T.V.</i></b>	
Chemical updating as way of creation of composite materials .....	117

***ORGANIZATIONAL AND ADMINISTRATIVE INNOVATIONS***

---

---

***Semenova L.M., Khlebnikov V.B., Bakhracheva Yu.S., Semenov S.V.***  
Quality of production management from synergetics positions ..... 120

***INNOVATIONS IN EDUCATION***

---

---

***Maksimova E.A., Tikhonov V.E.***  
Design and research complex as the form of realization  
of innovative architectural education in Lower Volga Area ..... 127

ABOUT THE AUTHORS ..... 134
