## BIOLOGY AND BIOTECHNOLOGY

**Zhigacheva O.I.**  
Bioecological peculiarities of water chestnut (*Trapa natans* L., *Trapaceae*)  
in the basin of Middle Don (Volgograd region) .................................................. 5

**Zenkina T.E., Sagalaev V.A.**  
Regional and demographical structure of cenopopulations of *Halocnemen strobilaceum* (Pall.)  
Bieb. (*Chenopodiaceae*) in the Republic of Kalmykia ........................................ 10

**Sagalaev V.A., Baktasheva N.M., Bochkin V.D., Zenkina T.E.**  
Floristic findings in the Republic of Kalmykia and Astrachan region .................. 18

**Sagalaev V.A., Makarov A.L.**  
Lycopsids (*Lycopodiophyta*) of Ust’-Medveditskiy natural park ...................... 23

**Mikhanchenko V.F., Patrusheva M.S., Yakovlev A.T.**  
Clinical and immunological efficacy assessment of medicamental anti-inflammatory complexes  
in patients with mild periodontitis ................................................................. 32

**Mikhanchenko V.F., Manuilova E.V., Yakovlev A.T.**  
The dynamics of the local immunity measurements during the treatment  
of chronic periodontitis using calcium-containing medications ....................... 37

## ECOLOGY AND NATURE MANAGEMENT

**Kirillov S.N., Akishin A.S., Makhonin I.A.**  
Climatic, social and economic conditions of development of agrarian  
and industrial complex in the Volgograd region ............................................. 41

**Lobacheva G.K., Kolodnitskaya N.V., Smetanin V.I., Guchanova I.Zh.,  
Zheltobryukhov V.F., Osipov V.M., Filippova A.I.**  
Prevention of the pollution underground water by means of artificial biogeochemical barriers ...... 48
Lobacheva G.K., Karpov A.V., Makarov O.A., Filippova A.I.
The creation method of the biochemical barriers by means of land remediation,
polluting by oil-processed products ......................................................... 58

Matveeva A.A.
About the question of efficiency of ecological management at the railway enterprises ........... 65

GEOGRAPHY AND GEOINFORMATICS

Rulev A.S.
Computer mapping of the spatial distribution of gradient indicators
of regional climate in south-east of Europe part Russia ........................................ 72

Ryabinina N.O., Fesenko V.V.
Experiments geographical regionalization of steppe
and semidesert zones south-east European Russia ........................................ 78

Khavanskaya N.M.
Paradynamic microzones of mining landscapes of non-metallic regions
(on the example of the Volgograd region) ....................................................... 84

PSYCHOLOGY AND PSYCHOPHYSIOLOGY

Kurysheva O.V.
Corporal aspects of display of age ............................................................. 89

Golub O.V.
Self-conception as a personality’s existential kernel,
providing one’s inner self-organisation and self-regulation ................................ 94

Raymova E.G.
The maladjustment as a factor of psychological protection of an individual .................. 101

Pryazhnikova E.Yu., Nikitin A.V.
The impact of the guidance on the particular motivation of the student psychologists .......... 105

ABOUT THE AUTHORS ................................................................................. 113
