

**30<sup>th</sup> Anniversary**  
**the English Philology Chair**

**1982-2012**

1982

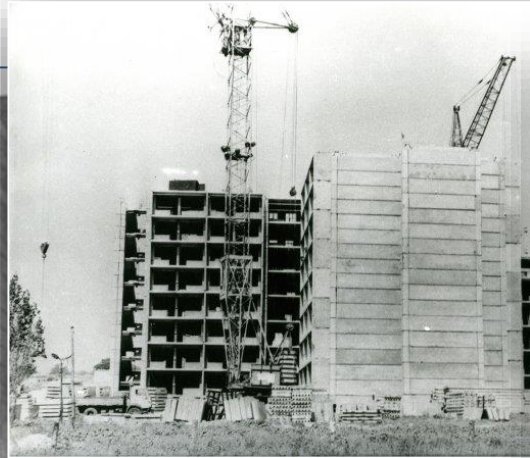

We were among the first lecturers...

1983

...and the first builders

1984

Young and very enthusiastic, ...

1985

...we made students busy

1986

...and happy

1987

... and creative

1989

... and responsible

1987

We had our YES Club

1988

We used advanced technologies

1989

...and had our field practice...

1990

We had huge gatherings...

1991

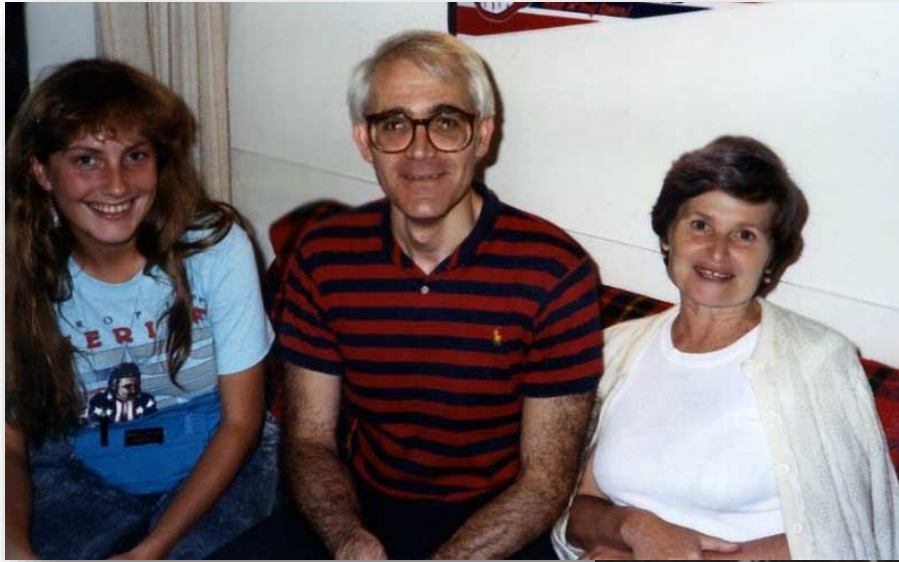

...and small private parties...

1992

...we travelled around the world...

1996

...we had wonderful times together...

1999

...we worked with fabulous folks...

1982-2012

And what we've been doing all those years -

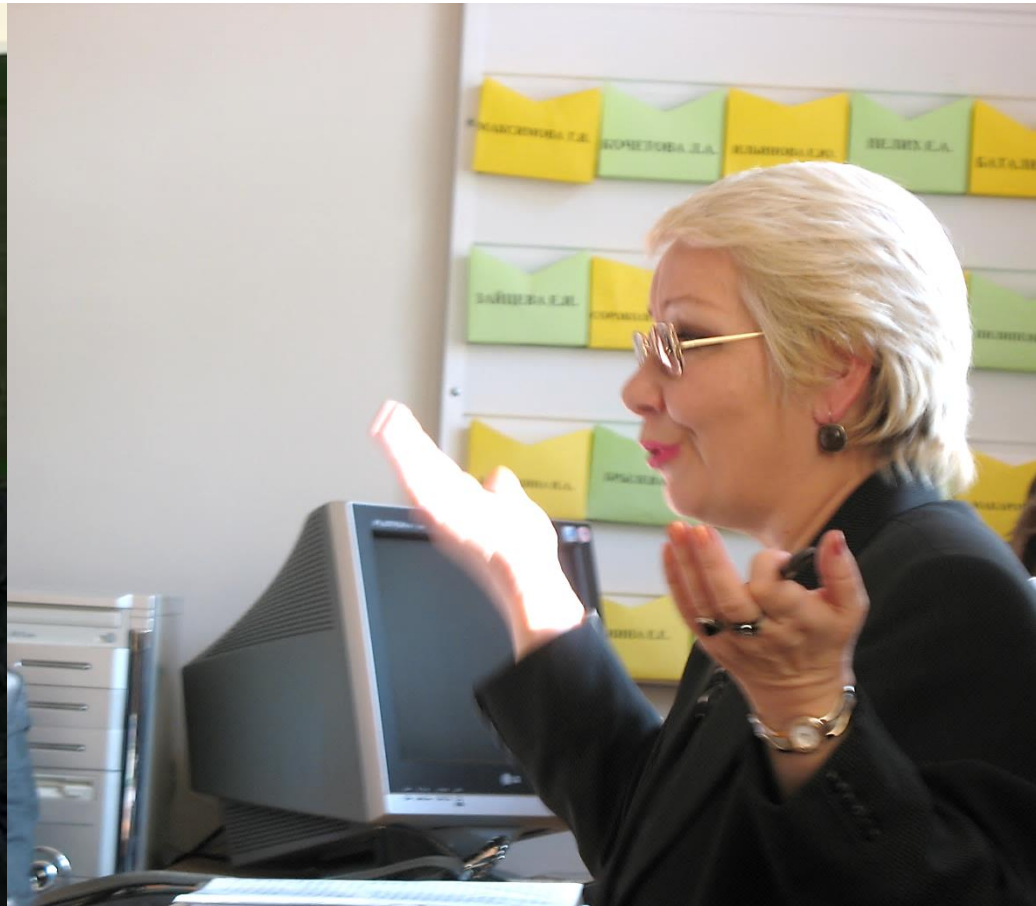

...we've been teaching...

...and teaching...

...and teaching...

...meeting and saying goodbye...

...and taking care about you, folks...

...and we ain't gonna stop!

We are not history,

**WE ARE A STORY!**
