

Volgograd State University report on SDG 17

17 PARTNERSHIPS FOR THE GOALS

Volgograd State University cooperates with a wide range of organizations and institutions as well as participates in the events related to the achievement of SDGs.

The University has direct involvement in, or input into, national government SDG policy development - including identifying problems and challenges, developing policies and strategies, modelling likely futures with and without interventions, monitoring and reporting on interventions, and enabling adaptive management

Volgograd State University initiates and participates in cross-sectoral dialogue about the SDGs, e.g. conferences involving government/NGOs

The meeting of regional volunteer representatives is held on a basis of VoISU. The event was organized by the regional authorities to achieve the goals of the federal project "Social Activity" of the "Education" national project.

International Forum "Volgograd Dialogue" is held on a basis of VoISU. The third round table was dedicated to contribution of universities to the implementation of the UN global sustainable development goals.

Volgograd State University participates in international collaboration on gathering or measuring data for the SDGs.

The "Proryv" Volunteer center of the University collaborates with public organisations in terms of youth and social policies. VoISU research department is responsible for research programs. Institute of Long-life Education implements additional general developmental programs, professional retraining programs and continuing education programs.

Different educational events are held on a basis of the Tochka Kipenia platform of VoISU for the wider community.

VoISU sustainability website is available, accessible, and updated regularly <https://sustainability.volsu.ru/en/>
